

Paper Submission Guidelines

2023 IEEE 41st Electrical Insulation Conference (EIC)

Important Information

Full Paper Upload:

As we have done in previous years, the upload of full papers for peer review is through your Conftool account. You have to upload **two documents** for peer review: A word document following the template provided and a PDF file that has been verified with PDF eXpress (see below for PDF eXpress account).

IEEE Copyright

The IEEE Copyright transfer will be done electronically using the IEEE eCF system when the paper is submitted, and we will not be accepting PDF files for the IEEE copyright.

Biography

The presenting author will upload a short introductory biography (which is read at the beginning of their presentation) to the Conftool system.

Papers have a **four-page limit**. Additional pages may be included for a fee of **\$150** per page.

Please include the Paper ID # at the beginning of the subject line of all correspondence and file names of all files submitted. Here's an example of a file name for a PDF file: 1100 – Test manuscript.PDF. Using a consistent naming format makes it easier for the volunteers to sort and keep track of submissions.

Please note the following key dates

We ask authors to please adhere to the following dates. On-time submissions at each stage help improve the overall quality of the conference. The conference organizers and peer reviewers are all volunteers who put many hours of their own time into the conference. Late submissions unnecessarily burden our volunteers and their families, so please be respectful of these submission deadlines.

- **August 15, 2022:** Website opens for ~~abstract submission~~
- **October 15, 2022:**-Deadline for abstract ~~submission~~
- **November 30, 2022:** Notification of abstract acceptance / rejection
- **January 31, 2023:** Submission of full paper for peer-review process.
- **March 01, 2023:** Conference registration and full payment must be complete.
- **March 31, 2023:** Finalization of the final paper submission (version available on this date is what will appear in proceedings).
- **May 15, 2023:** PowerPoint Presentation submitted to Conference website.

Author Registration

At least one (1) author (primary or co-author) of each accepted conference paper must register for the full conference and pay the appropriate fee **no later than March 01, 2023**. Conference papers will not be released for publication in the 20230 Electrical Insulation Conference (EIC) Proceedings or scheduled for presentation unless the fee is paid in full. If a **paper is subsequently rejected by the technical committee, the author will receive a full refund.**

Paper Submission Guidelines

2023 IEEE 41st Electrical Insulation Conference (EIC)

Papers (Manuscripts or Submissions)

- Templates
 - For information and templates, visit the “authors” page on our website at: www.ieeeic.org/authors/
 - Complete the paper using the format and fonts as described in the template. DO NOT modify the fonts or format suggested in the template.
 - Titles Format
 - Authors List and Format
 - Abstract
 - Figures - Fig. even at beginning of the sentence.
 - Make sure your figures are well numbered and legible for the reader.
 - The technical committee will return the document for corrections if needed.
- PDF eXpress
 - Paper submissions MUST use IEEE PDF eXpress.
 - The IEEE PDF Xpress website helps you:
 - Convert your papers from Word format to Xplore-compatible PDFs
 - Check existing PDFs to determine if they are Xplore-compatible (and how to fix the PDFs if they are not)
 - **Creating your PDF eXpress Account**
 - Log in to the IEEE PDF eXpress TM site <https://ieeepdf-express.org/account/login?ReturnUrl=%2F>
 - First-time users should do the following:
 - Select the New Users - Click Here link.
 - Enter the following:
- **55835X for the Conference ID**
- your email address
- a password
- Continue to enter information as prompted.
 - An Online confirmation will be displayed and an email confirmation will be sent verifying your account setup.
 - Previous users of PDF eXpress need to follow the above steps but should enter the same password that was used for previous conferences. Verify that your contact information is valid.
- It is the author’s responsibility to ensure the paper has been submitted to the IEEE PDF eXpress before uploading for peer review and final paper upload for the conference program. Papers that have not been put through the PDF eXpress system will be returned to the author for correction. Failure to use the PDF eXpress system will result in the rejection of the paper from the conference.

Paper Submission Guidelines

2023 IEEE 41st Electrical Insulation Conference (EIC)

- Once the PDF eXpress file has been created and passed the PDF eXpress verification, you may upload your file to your Conftool account.
- Submit Paper for Peer Review Process ○ To submit (upload) your paper for the Peer Review process, please use the following link to your Conftool account: ieee-eic2023@Conftool.org
 - Please upload the PDF eXpress file to Upload # 1 in Conftool.
 - Please upload the Word file to Upload # 2 in Conftool.
 - You should receive a confirmation e-mail when we receive your word and pdf full paper.

Electronic Copyright

This year, we will exclusively use the IEEE Electronic Copyright form (eCR). You will be presented a link in the Conftool system to submit your electronic copyright. Emailed or physical copyright forms will not be accepted. Papers will not be accepted into the peer review process or the conference program without electronic copyright.

Presenter's Biography

This year, we are collecting the presenter's biographies using the Conftool system. Please upload the presenting author's biography which will be used for their introduction during the session in which the paper will be presented.

Oral Presentations

- This year we are asking that authors upload their PowerPoint presentations in PPTX, PPT, or PDF format using the Conftool system. Please upload the PowerPoint presentation to the Conftool system by May 15, 2023. PowerPoint presentations are not needed for the Peer Review process. However, we ask they be uploaded during or shortly after the final papers are submitted. Authors are expected to participate in the author's breakfast to ensure their presentations are correctly loaded and executed, and for instructions and any changes to the session in which their paper will be presented. Authors who are unable to upload their presentations to the Conftool system due to company policy, etc. should send the presentation directly to the Technical Program Chairs (listed below).
- Presentations will be limited to a total of 20 minutes. Typically, authors present for 15 minutes plus 5 minutes for questions. Since the final conference schedule isn't available at this time, the allotted presentation time of 20 minutes may be adjusted pending the final conference schedule.
- Please upload the PPTX, PPT, or PDF file to Upload # 3 in Conftool. (To be enabled for FINAL PAPER submission)
- PowerPoint guidelines for the Oral presentation (Not needed for Peer Review submission) ○ A PowerPoint template will be available on the conference website. The EIC & DEIS logos are also available from the website.

Paper Submission Guidelines

2023 IEEE 41st Electrical Insulation Conference (EIC)

- Upload PowerPoint presentations to the Conftool system. Accepted formats are PPTX, PPT, or PDF.
- The presentation must be non-commercial and specific to the topic being presented. ○ Do not put too much information on one slide. Keep it clean and to the point.
- Do not use small fonts, people in the rear of the audience need to be able to read the information being presented.
- Company logos are limited to the first and last slide of the presentation only. ○ The EIC & DEIS logos must be visible on the first slide of the presentation.
- PowerPoint presentations are not needed for the Peer Review process. However, we ask they be uploaded during or shortly after the final papers are submitted.

Poster presentations

- Posters should be 48"High x 36"Wide (122cm x 92cm).
- Please report to the Poster Session Chair at the beginning of the poster session in which it will be presented. Authors need to make sure their presence during the poster session is counted as they must be present to discuss and answer questions for the paper to be included in the IEEE Xplore.
- Please bring your poster to the session before the actual starting time of the session so that it can be put up and be ready at the start of the session.
- The poster must be non-commercial and specific to the topic being presented.
- Do not put too much information on one poster. Keep it clean and to the point.
- Do not use a small font, people need to be able to read the information.
- The EIC & DEIS logos must appear on the poster in a visible location.
- Make sure the author's names and the title of the paper are clear and visible.

Inclusion in IEEE Xplore Digital Library (post-conference)

- Accepted conference papers **must be presented** by one of the authors in either an oral or poster session to be released for publication in IEEE Xplore. IEEE reserves the right to exclude a paper from distribution after the conference, including IEEE Xplore[®] Digital Library if the paper is not presented by the author at the conference. **Authors may present only 2 papers per paid full conference registration!**
- IEEE has the sole ability to decide which papers accepted for presentation at the conference are eligible to be included in the IEEE Conference Publications Program (CPP) and ultimately, in the IEEE Xplore digital library.

Paper Submission Guidelines

2023 IEEE 41st Electrical Insulation Conference (EIC)

- There are NO claims or guarantees that any presented papers will be published in IEEE *Xplore*. IEEE can decline to publish the conference proceedings that do not meet IEEE quality standards.
- There are NO claims or guarantees that any presented papers will be indexed in any database. Indexing services evaluate conferences and independently determine what they will index.

International Authors

Note: If an author requires a visa for entry into the United States of America, registration must be paid in full no later than **February 15th**, to allow sufficient time for completion of the visa process, which can take up to 3 months.

We strongly encourage our international authors to begin the process of obtaining a visa at the earliest possible date. Note that the conference organizing committee will not provide invitation letters until registration is complete and full payment is received.

Conference Program

- Information about local arrangements, registration, and the Advance Program will be added to the conference website as it becomes available. Please visit the site often for updates.

If you have any questions about EIC 2023, please feel free to contact us.

Thank you,
